My dear Sir

The "Biological Review" was not issued by our "Canadian Institute", nor by any one in any way connected therewith —

No doubt you get our Institute Annual Reports — if you do not I will try and get a copy for transmission to you.

Yours very truly

Dear Sir:-

I have much pleasure in sending you per Book Post Report of the transactions of the Canadian Institute No. 9 October 1896 , which is the last Report published. When the present year's issue is made, I will endeavour to send you it as well, The unfortunate part of it is that the reports are so freely exchanged all over the World with different Institutes and other Scientific Socęties that it is difficult to get them. Each member is supplied with only one copy, but I have much pleasure in sending you mine, as I know from attendance at the meetings all that takes place, and it is not depriving me of any valuable records?. Trusting that this may meet your wishes,

Faithfully Yours,

J. Maughan

P.S. Now I will bother you - if you Know of any Taxidermist in your City who publishes a list of bird skins for Sale or exchange Kindly ask him to Mail me a Copy I am much interested in that line & oblige J.M.
